

# Permanent waterproof markers

## FEATURES & BENEFITS

- ✓ felt-tip pens for numerous types of manually described markers
- ✓ 4 line thickness values
- ✓ various colours available
- ✓ inscriptions resistant to abrasion and weather conditions

PC, PD, PN, PG type markers are specially designed for placing descriptions of electrical installation for many years. PLC a true all-rounder. It comes with a permanent dye and slight smell and ensures coverage similar to a lacquer. It is a perfect solution for dark, smooth and transparent surfaces such as glass, plastics and metal as well as for porous surfaces, i.e. wood. Available in 4 colour versions.

## APPLICATION

For individual marking with different line widths and colours on almost all surfaces.

Type	Index Ergom	Colour	Line thickness [mm]	Quantity in package [pcs]
PC-S (10 PCS)	E04ZP-01090100103	black	0,3	10
PC-R (10 PCS)	E04ZP-01090100203	red	0,3	10
PC-G (10 PCS)	E04ZP-01090100303	green	0,3	10
PD-S (5 PCS)	E04ZP-01090400103	black	0,6	5
PD-R (5 PCS)	E04ZP-01090400203	red	0,6	5
PD-G (5 PCS)	E04ZP-01090400303	green	0,6	5
PN-S (10 PCS)	E04ZP-01090200103	black	1	10
PN-R (10 PCS)	E04ZP-01090200203	red	1	10
PN-G (10 PCS)	E04ZP-01090200303	green	1	10
PG-S (10 PCS)	E04ZP-01090300103	black	1,0+3,0	10
PG-R (10 PCS)	E04ZP-01090300203	red	1,0+3,0	10
PG-G (10 PCS)	E04ZP-01090300303	green	1,0+3,0	10
PLC-YL (5 PCS)	E04ZP-01090500403	yellow	1,0+2,0	5
PLG-G	E04ZP-01090600301	green	2,0+4,0	1
