

Aluminium-copper cord end terminals, HMA

FEATURES & BENEFITS

thin-walled terminal, Al-Cu

enable connecting Al flexible cables to Cu or brass terminals, e.g. in 3-phase extension cables or electrical car supply wires

other designs on client's request

patent-protected design

LOGISTIC DATA

Type	HMA 16/18 (100 PCS)
Index Ergom	E08KH-04010110900
Quantity in package [pcs]	100
Weight [kg]	0,3

MECHANICAL DATA

Material	External layer – copper Internal layer – aluminium
Surface	uncoated

CROSS-SECTIONS

AWG cross-section	6
Cross-section, rm/sm [mm ²]	16

DIMENSIONS

L	18,5
d	6,0
D	7,5
s	0,25
