

Potential-equalising rail, SWP 12/16

FEATURES & BENEFITS

30x4 hoop iron can be connected directly

electrically and mechanically reliable connection

attractive appearance and small size

LOGISTIC DATA

Type	SWP 12/16
Index Ergom	R33RA-04040100301
Quantity in package [pcs]	1
Weight [g]	54

APPLICATION

Designed to make additional – local (e.g. in bathroom) equalizing connections.

MECHANICAL DATA

Colour	grey
Cover material	polyamide 6.6
Bolt material	galvanised steel
Clamp material	brass
Stand material	polyamide 6.6
Terminal crimping shape on cord	hexagon square
Max. recommended tightening torque [Nm]	1,4; 2,6
Mounting hole spacing [mm]	Ø4,9
Ambient temperature [°C]	-40 ÷ +110
Circuit insulation length [mm]	7÷14

ELECTRICAL DATA

Number of clamps x cross-section [mm ²]	2x16, 10x6
---	------------

DIMENSIONS

L	42
S	40
W	31
D	64

CERTIFICATES & STANDARDS

Standards	EN 60947-7-2; RoHS
